

Agency 101 Spotlight Series: ACCES-VR

12/21/2021: ACCES-VR (click here to register)

12:00 noon - 1:00 PM on Zoom

Please join the Mid-West School-Age Family and Community Engagement Center (SA FACE Center) and a representative from Adult Career and Continuing Education Services, Vocational Rehabilitation (ACCES-VR) to learn more about available ACCES-VR supports and programming including Pre-Employment Transition Services (Pre-ETS) opportunities.

The Agency 101 Spotlight Series is designed for family members and professionals who are supporting students with disabilities in the transition to adult services. Sessions are an opportunity to engage with different agency representatives on topics such as referral, eligibility, available services, and timelines.

When you register for a Spotlight Session, you will receive a link to a prerecorded Agency 101 Overview session that provides background for the agencies being spotlighted.

Please contact Laura Hurwitz, Resource and Referral Specialist
at the Mid-West SA FACE Center with any questions:
